

Both Hands projects help serve widows
in a very practical way in our communities,
while raising funds to help orphans become adopted.

What is the Lifesong/Both Hands commitment to you?

- Provide an innovative method to help remove the financial barrier to your adoption
- 100% of the funds donated will be used for your adoption expenses
- Provide step by step fund-raising instruction and support to
 - Find the widow to benefit from the home improvement/landscaping event
 - Coordinate the Project Management

What is the adoptive family's role/involvement?

- Identify 10 volunteers (friends, family, etc.) who will:
 - Send sponsorship letters
 - Work 1 day on a widow's house

How is the widow helped?

- A significant home improvement / landscaping event
- Encouragement and love support

How does this help fund our adoption?

All funds raised through the Lifesong/Both Hands sponsorship will be used to cover your adoption expenses. Based on prior history, the Both Hands project would help generate \$10,000+ (on average) for your adoption.

- 100% will be given as a Lifesong Adoption Grant

If the amount raised exceeds your total adoption costs, then those funds would be directed to another approved Lifesong Adoption Grant/Loan applicant.

Next Steps:

Receive approval by Lifesong for "Both Hands – Fundraising Support"
Your application/contact info will be forwarded to JT Olson to begin the Both Hands project: jt@bothhandsfoundation.org

"Ron used to just take care of things. Now, I have no one to help me. Many people say they will come help, but often they get busy and cannot."

– Denise Hill
(Widow helped by Both Hands)

"pure religion is taking care of orphans and widows..."
James 1:27
